Summary of CV

This section describes briefly a summary of your career in science, academic and research; the main scientific and technological achievements and goals in your line of research in the medium -and long- term. It also includes other important aspects or peculiarities.

QUALIFICATIONS AND AWARDS: I hold a BA in Education (Oviedo University, 2009) having obtained the **Award to the Best Academic Record** and the third **Spanish National Award to Excellence in University Academic Performance** (2009). I hold a Ph. In Documentation (CSIC [Spanish National Research Council], dissertation and doctorate program at UC3M, 2013). The thesis received the **Doctorate Extraordinary Award** in the doctorate program (Archives and Libraries in the Digital Environment)

RESEARCH TRACK: I have been the recipient of a Research Grant of the CSIC Program 'JAE Introduction to Research', developed at the EPUC (Evaluación de Publicaciones Científicas) Research Group. (2008). I have also received a CSIC 'JAE Predoc' Predoctoral Grant (2009-2014). I developed my doctoral thesis (on the measurement of research specialization and its consequences for evaluation) under the main supervision of CSIC tenured scientist Ph.D. Elea Giménez Toledo, and with the tutoring of Prof. Elías Sanz Casado (UC3M). My thesis dissertation took place in April, 2013 at UC3M University. I have been hired as researcher by the CSIC in various periods since 2014, working at the ILIA Research Group.

TOTAL NUMBER OF CITATIONS AND ASSOCIATED INDICATORS (SINCE 2009): Web of Science indicators: Citations received: 167; Number of articles: 22; H-Index: 7. Google Scholar indicators: 436 (402 since 2014). H-index: 10; i10-Index: 13. Articles published in specialized scientific journals: 21 from which 18 journals are indexed in Journal Citation Reports [6 in the first quartile of impact factor] and Scopus.

RESEARCH LINES AND RELEVANT CONTRIBUTIONS: During my pre-doctoral stage my research was focused on the quantitative measurement of the specialization of scientific publications and its impact on research evaluation. In my post-doctoral stage I've been working on the study of Scholarly Books and Publishers in Social Sciences and Humanities, contributing to the technical and scientific development of the information system SPI (Scholarly Publishers Indicators), which is used as a reference at the national level in the evaluation processes of ANECA (National Agency for Quality Assessment and Accreditation of Spain)

INTERNATIONAL RESEARCH NETWORKS AND INTERNATIONAL COLLABORATION: I have been an active member of the European Network for Research Evaluation in the Social Sciences and the Humanities (ENRESSH) and the associated COST action (CA15137), participating in 6 international meetings and developing research activities in two working groups (WG 1: Conceptual frameworks for SSH research evaluation and WG 3: Databases

and uses of data for understanding SSH research). **This international collaboration has produced six articles** published in international journals. I have also participated in the 'China-Spain Research and Policy Forum –Changes on a Globalized World' workshop in Beijing, China.

TEACHING EXPERIENCE AND ACCREDITATION: Since 2014 I have been external lecturer of the subject 'Research Methodology in Linguistics' in the Master Degree (TIC-ETL) at the National Distance Education University (UNED). In 2017 I received official accreditation as assistant lecturer (Professor Ayudante Doctor) by ANECA. I have also participated as lecturer in various Master and Doctorate courses on data analysis applied to research at UNED and Universidad Complutense de Madrid. I have been tutor of a master thesis during the 2018-2019 course which obtained an A grade.

General quality indicators of scientific research

This section describes briefly the main quality indicators of scientific production (periods of research activity, experience in supervising doctoral theses, total citations, articles in journals of the first quartile, H index...). It also includes other important aspects or peculiarities.

Total number of citations and associated indicators (Since 2009): Web of Science indicators: Citations received: 167; Number of articles: 22; H-Index: 7. Google Scholar indicators: 436 (402 since 2014). H-index: 10; i10-Index: 13. Articles published in specialized scientific journals: 21 from which 18 journals are indexed in Journal Citation Reports [6 in the first quartile of impact factor] and Scopus.

Publication output since 2009: -Articles published in scientific journals: 21 from which 19 are international scientific journals (18 in JCR). -Contributions to national or international conferences: 13 from which 11 are international conferences with peer review systems. Book chapters: 2. Dissemination documents: 3. Inaugural Conferences: 2. Invited conferences: 1. Research documents in open repositories: 2.

International collaboration since 2009: 6 scientific articles have been signed in co-authorship with authors from up to 7 different nationalities and 4 contributions to international conferences have been signed in co-authorship with foreign authors.
